PREMISYS SOFTWARE			
PREM-CLIENT13	PremiSys Client Software	Client Licenses. 1 - 3 Concurrent Client Connections. Price is per Client.	\$ 850.00
PREM-CLIENT46	PremiSys Client Software	Client Licenses. 4 - 6 Concurrent Client Connections. Price is per Client.	\$ 808.00
PREM-CLIENT79	PremiSys Client Software	Client Licenses. 7 - 9 Concurrent Client Connections. Price is per Client.	\$ 768.00
PREM-CLIENT10	PremiSys Client Software	Client Licenses. 10 or more Concurrent Client Connections. Price is per Client.	\$ 730.00
PREM-PCLIENT13	PremiSys PRO Client Licenses	Client Licenses. 1 - 3 Concurrent Client Connections. Price is per Client.	\$ 1,100.00
PREM-PCLIENT46	PremiSys PRO Client Licenses	Client Licenses. 4 - 6 Concurrent Client Connections. Price is per Client.	\$ 1,046.00
PREM-PCLIENT79	PremiSys PRO Client Licenses	Client Licenses. 7 - 9 Concurrent Client Connections. Price is per Client.	\$ 994.00
PREM-PCLIENT10	PremiSys PRO Client Licenses	Client Licenses. 10 or more Concurrent Client Connections. Price is per Client.	\$ 946.00
PREM-PXCLIENT13	PremiSys PRO - expressionsID Client Licenses	Client Licenses. 1 - 3 Concurrent Client Connections. Price is per Client.	\$ 1,700.00
PREM-PXCLIENT46	PremiSys PRO - expressionsID Client Licenses	Client Licenses. 4 - 6 Concurrent Client Connections. Price is per Client.	\$ 1,616.00
PREM-PXCLIENT79	PremiSys PRO - expressionsID Client Licenses	Client Licenses. 7 - 9 Concurrent Client Connections. Price is per Client.	\$ 1,536.00
PREM-PXCLIENT10	PremiSys PRO - expressionsID Client Licenses	Client Licenses. 10 or more Concurrent Client Connections. Price is per Client.	\$ 1,460.00
PREM-XCLIENT13	PremiSys - expressionsID Client Licenses	Client Licenses. 1 - 3 Concurrent Client Connections. Price is per Client.	\$ 1,150.00
PREM-XCLIENT46	PremiSys - expressionsID Client Licenses	Client Licenses. 4 - 6 Concurrent Client Connections. Price is per Client.	\$ 1,094.00
PREM-XCLIENT79	PremiSys - expressionsID Client Licenses	Client Licenses. 7 - 9 Concurrent Client Connections. Price is per Client.	\$ 1,040.00
PREM-XCLIENT10	PremiSys - expressionsID Client Licenses	Client Licenses. 10 or more Concurrent Client Connections. Price is per Client.	\$ 988.00
PREMISYS UPGRADES			
PREM-CLIENTUP	PremiSys to PremiSys PRO Software Upgrade	Upgrade 1 PremiSys™ Client License to a PremiSys™ PRO Client License.	\$ 314.00
PREM-UP2PRO	PremiSys to Pro upgrade	Upgrades PremiSys server, 2 PremiSys clients and 1 expressionsID client to PremiSYS Pro server with 2 PremiSys Pro clients and 1 expressionsID Pro client license.	\$ 3,290.00
PREM-XCLIENTUP	PremiSys expressionsID to PremiSys PRO expressionsID	Upgrade 1 PremiSys™ expressionsID™ Client License to a PremiSys™ PRO expressionsID™ Client License.	\$ 688.00
PREMISYS HARDWARE			
PREM-BRD1RDR	One-Reader Board	Supports connection of one reader, one door-input point, one request-to-exit, one door lock relay and one programmable output. Requires 12-24 VDC. Supports most industry standard reader types. Communicates via two-wire RS-485 to a Compact or Expandable Controller (PREM-CTRLCOMP, PREM-CTLRENET).	\$ 498.00
PREM-BRD2RDR	Two-Reader Board	Supports connection of two readers, two door-input points, two request-to-exits, two door-lock relays, six programmable outputs and four programmable inputs. Requires 12-24 VDC. Supports most industry standard reader types. Communicates via two-wire RS-485 to a Compact or Expandable Controller (PREM-CTRLCOMP, PREM-CTLRENET).	\$ 990.00
PREM-BRD4MUX	Four-Channel MUX Board	The Four-Channel MUX Board is a four-port RS-485 multiplexer that takes one RS-485 or RS-232 input and creates four two-wire RS-485 Communication Channels. Common uses are for star topology wiring schemes or home-run wiring.	\$ 1,000.00
PREM-BRD8MUX	Eight-Channel MUX Board	The MUX-8 is an eight-port RS-485 multiplexer that takes one RS-485 or RS-232 input and creates two-wire RS-485 Communication Channels. Common uses are for star topology wiring schemes or home-run wiring.	\$ 1,000.00
PREM-BRDIN	16 Input Board	Includes 16 general-purpose inputs, two dedicated inputs for tamper and power-loss monitor, and two relays (Form-C, 5 Amp 30 VDC, SPDT). Requires 12-24 VDC. Communicates via two-wire RS-485 to a Compact or Expandable Controller (PREM-CTRLCOMP, PREM-CTLRENET).	\$ 1,000.00

PREM-BRDOU	16 Output Board	Includes 16 relays (Form-C, 5 Amp 30 VDC, SPDT) and two dedicated inputs for tamper and power-loss monitor. Requires 12-24 VDC. Communicates via two-wire RS-485 to a Compact or Expandable Controller (PREM-CTLRCOMP, PREM-CTLRENET).	\$ 1,000.00
PREM-CRDNET	Network Card	Pluggable card that attaches to a Compact or Expandable Controller (PREM-CTLRCOMP, PREM-CTLRENET). Allows Ethernet connectivity through a RJ-45 (10/10 Base-T) connector.	\$ 372.00
PREM-CTLR2RDR	IP Controller with Two-Reader ports	Intelligent access control processor that operates using a distributed database. Communicates with host PC via Serial, or Ethernet. Features FLASH firmware. Can support up to, any combination of, 64 I/O boards on 4 separate RS-485 channels, up to 240K cardholders and 50K transaction buffer. Includes on-board ethernet port, 4 inputs, 2 relays, & 2 reader ports.	\$ 1,830.00
PREM-CTLRIP	IP Controller	Intelligent access control processor that operates using a distributed database. Communicates with host PC via Serial or Ethernet. Features Redundant communication with interface for a second Ethernet connection and flashable firmware. Can support up to any combination of 64 I/O boards on 2 separate RS-485 channels, up to 600K cardholders and 50K transactions. Includes on-board Ethernet port.	\$ 2,340.00
PREM-MEMUP3	Three-Megabyte Expansion Card	Increases the cardholder capacity on the Expandable Controller PREM-CTLRENET. Provides a total of 4 Mbytes of memory.	\$ 790.00
PREM-MEMUP7	Seven-Megabyte Expansion Card	Increases the cardholder capacity on the Expandable Controller PREM-CTLRENET. Provides a total of 8 Mbytes of memory.	\$ 1,130.00
PREM-12VBKUP	Back up battery	12-Volt Backup Battery - 7 AMP/hr.	\$ 70.00
PREM-ADAPTPLT	PremiSys Adapter plate	Mounting adapter plate for 1 PREM-CTLR-COMP or 2 PREM-BRD1RDR. Allows the mounting of these boards in a PREM-ENCLG or PREM-ENCSM.	\$ 30.00
PREM-ENCLG	Large Enclosure	Enclosure that has eight positions. One position may be used to mount either a 3.6-amp or 10-amp power supply. Measures 17.75" (45.1 cm) x 18.13" (46.1 cm).	\$ 400.00
PREM-ENCLOCK	Enclosure lock & key set		\$ 20.00
PREM-ENCSM	Small Enclosure	Enclosure that holds one Controller, one two-Reader Board, or two One-Reader Boards. Measures 10.25" (26.0 cm) x 8.375" (21.27 cm).	\$ 200.00
PREM-PS10ALT	Altronix 10Amp P/S w/8 isolated outputs	This unit combines a 12-VDC, 10 amp power supply connected to a multiple-output power controller, both of which are housed in a wall-mounable, lockable steel enclosure. These components are used to power PremiSys™ access-control controllers and boards, as well as accessories such as locks, push buttons, etc.	\$ 500.00
PREM-PS3A	Three-AMP Power Supply	12-VDC/3.6-amp supervised (AC & battery) Power Supply/Charger module, 85-264-VAC, two power-limited outputs, UP-recognized component.	\$ 187.00
PREM-TAMPER	Tamper Switch		\$ 18.00

IDENTIPASS TO PREMISYS UPGRADE

PREMUP-SIO-110-512	9000 R/I/O-512K for PremiSys upgrade	9000 R/I/O Firmware chip that upgrades the R/I/O panel for use with PremiSys.	\$200.00
PREMUP-CTLR2RDR	PremiSys IP ctr and 1 set of 9000 chips	Intelligent access control processor that operates using a distributed database. Communicates with host PC via Serial or Ethernet. Features flashable firmware. Can support up to any combination of 32 I/O boards on one RS-485 channel, up to 240K cardholders and 50K transactions. Includes on-board Ethernet port, 8 inputs, 4 relays, & 2 reader ports. Additionally it includes 1 PREMUP-9000 kit to upgrade a 9000 board.	\$2,260.00
PREMUP-CTLRIP	PremiSys IP ctr and 1 set of 9000 chips	Intelligent access control processor that operates using a distributed database. Communicates with host PC via Serial or Ethernet. Features Redundant communication with interface for a second Ethernet connection and flashable firmware. Can support up to any combination of 64 I/O boards on 2 separate RS-485 channels, up to 600K cardholders and 50K transactions. Includes on-board Ethernet port. Additionally it includes 1 PREMUP-9000 kit to upgrade a 9000 board.	\$2,340.00
PREMUP-9000	9000 Firmware & APP Chip	Includes one of each of the following: PREMUP-1-3-0, PREMUP-APP-1, PREMUP-APP-1-512 to upgrade 1 9000 board for use with PremiSys. Use PREMUP-APP-1 if board serial number begins with a 4 or less, otherwise us PREMUP-APP-1-512.	\$300.00
PREMUP-9000RDR	9000 RDR Exp APP Chip	9000 RDR Exp. APP chip that upgrades the RDR Exp board for use with PremiSys. Includes 1 PREMUP-APP-1 and 1 PREMUP-APP-1-512. Use PREMUP-APP-1 if board serial number begins with a 4 or less, otherwise us PREMUP-APP-1-512.	\$200.00
PREMUP-CLLT2PREM	IDentiPASS LT Client to PremiSys	IDentiPASS LT Client to PremiSys	\$ 700.00

PREMUP-CLLT2PRO	IDentiPASS Client to PremiSys PRO	IDentiPASS Client to PremiSys PRO	\$ 950.00
PREMUP-CLIDP2PREM	IDentiPASS Client to PremiSys	IDentiPASS Client to PremiSys	\$ 550.00
PREMUP-CLIDP2PRO	IDentiPASS Client to PremiSys PRO	IDentiPASS Client to PremiSys PRO	\$ 800.00
PREMUP-CLPLUS2PREM	IDentiPASS PLUS Client to PremiSYS	IDentiPASS PLUS Client to PremiSYS	\$ 450.00
PREMUP-CLPLUS2PRO	IDentiPASS PLUS Client to PremiSYS PRO	IDentiPASS PLUS Client to PremiSYS PRO	\$ 696.00

IDentipass to Premisys Upgrades

IDentipass to Premisys Controllers

PREM-CTLR2RDR-UP	Premisys IP Controller and 1 set of 9000 chips	Intelligent access control processor that operates using a distributed database. Communicates with host PC via serial or Ethernet. Features flashable firmware. Can Support up to any combination of 32 I/O boards on one RS-485 channel, up to 240k cardholders and 50k transactions. Includes on-board Ethernet port, 8 inputs, 4 relays and 2 readerports. Additionally it includes 1 PREM-9000UP Kit to upgrade a 9000 board.	\$ 2,260.00
PREM-CTLRIP-UP	Premisys IP Controller and 1 set of 9000 chips	Intelligent access control processor that operates using a distributed database. Communicates with host PC via Serial or Ethernet. Fratures redundant communication with interface for a second Ethernet connection and flashable firmware. Can support up to any combination of 54 I/O boards on 2 separate RS-485 channels, up to 600k cardholders and 50k transactions. Includes on-board Ethernet port. Additionally it includes 1 PREM-9000UP Kit to upgrade a 9000 board.	\$ 2,340.00

IDentipass to Premisys Firmware

PREM-SIOP-110-512	9000 RI/O - 512k for Premisys upgrade	9000 RI/O Firmware chip that upgrades the RI/O Panel for use with Premisys	\$ 200.00
PREM-9000-UP	9000 Firmware and APP chip	Includes one of each of the following: PREM-1-3-0, PREM-APP-1, PREM-APP-1-512 to upgrade 1 9000 board for use with Premisys. Use PREM-APP-1 if board serial number begins with a 4 or less; otherwish use PREM-APP-1-512.	\$ 300.00
PREM-9000RDR-UP	9000 Reader Expansion APP chip	9000 Reader Expansion APP chip that upgrades the Reader Expansion board for use with Premisys. Includes one of each of the following: 1 PREM-APP-1, 1 PREM-APP-1-512. Use PREM-APP-1 if board serial nnumber begins with a 4 or less; otherwish use PREM-APP-1-512.	\$ 200.00

IDENTIPASS START-UP KITS

F55-IPASS9K	IDentiPASS Start-Up Kit	Controls up to 2,048 readers, 18,432 supervised inputs, and 18,432 relays from multiple workstations. Supports up to 64,000 cardholders. The system ships with a USB-style sentinel key and requires an available USB port on the server PC. Kit includes: ?1 Database Service ?1 Panel Service ?3 User Interfaces ?1 4-Reader Panel ?1 NetLink Converter	\$ 6,990.00
F55-IPASSLT	IDentiPASS LT Start-Up Kit - 4-Door	Controls up to 5 Series 9000 panels, 360 supervised inputs, and 360 relays from multiple workstations. Supports up to 6,000 cardholders. If the access panel is more than 50 feet from the Panel Service computer, an RS-485 to RS-232 Communications Converter (F55-485/CONV) must be purchased, unless using NetLink Converter. The system ships with USB-style sentinel key and requires an available USB port on the server PC. The kit includes: ?1 Database Service ?1 Panel Service ?3 User Interfaces ?1 4-Reader Panel OR 2 2-Reader Panels (see F55-IPASSLT2) ?1 NetLink Converter	\$ 3,790.00
F55-SMARTIPASS9K	IDentiPASS SmartStart Kit - 4 Door	Includes: 1 Database Service, 1 Panel Service, 3 User Interfaces, 1 4-Reader Panel, 1 Netlink Converter, 4 XF1060XXB, 100 - SJ-UN, 100 - SW-UN	\$ 7,190.00
F55-SMARTIPASSLT	IDentiPASS LT SmartStart Kit - 4 Door	Includes: 1 Database Service, 1 Panel Service, 3 User Interfaces, 1 4-Reader Panel, 1 Netlink Converter, 4 XF1060XXB, 100 - SJ-UN, 100 - SW-UN	\$ 3,990.00
F55-SMARTIPASSPLUS	IDentiPASS PLUS SmartStart Kit - 4 Door	Includes: 1 Database Service, 1 Panel Service, 5 User Interfaces, 1 4-Reader Panel, 1 Netlink Converter, 4 XF1060XXB, 100 SJ-UN, 100 SW-UN	\$ 9,990.00

IDENTIPASS SOFTWARE

F55-IDPLTSOFT	IDentiPASS LT Software	Provides IDentiPASS LT package, including BadgeMaker and is a starting point for system configuration. Consult the IDentiPASS LT cut sheet or A&E specs, at http://www.identicard.com/dealer . Software runs on Windows 2000 Server or XP and can be installed with either Microsoft Access database or MSDE (the run-time version of SQL that doesn't require SQL Server) & graphical user interface. NetLink Converter can be used to communicate with panels via Ethernet. LT controls up to 4 Series 9000 panels. 360 supervised inputs & 360 relays from multiple workstations. LT supports up to 6,000 cardholders. If access panel is more than 50 ft. from panel service computer, an RS-485 to RS-232 communications converter (F55-485/CONV) must be purchased, unless using NetLink Converter. The system ships with USB-style sentinel key & requires an available USB port on the server PC. Kit includes: ?1 Database Service ?1 Panel Service ?3 User Interfaces	\$ 1,990.00
F55-IPASSDB	IDentiPASS Database Service	<ul style="list-style-type: none"> • PC must be networked and running Windows 2000 or XP • IDentiPASS requires one Database Service • One User Interface Service is included at no charge 	\$ 4,200.00
F55-IPASSPAR	IDentiPASS Partitioning	Allows multi-tenant and campus partitioning of the system database.	\$ 1,700.00
F55-IPASSPLDB	IDentiPASS™ PLUS Database Service	<ul style="list-style-type: none"> • PC must be networked and running Windows 2000, Windows 2000 Server or Windows XP Pro. • IDentiPASS PLUS requires one Database Service. • One User Interface is included at no charge. 	\$ 5,400.00
F55-IPASSPLPAR	IDentiPASS™ PLUS Partitioning	Allows multi-tenant and campus partitioning of the system database.	\$ 1,700.00
F55-IPASSPLPS	IDentiPASS™ PLUS Panel Service	<ul style="list-style-type: none"> • The PC must be running Windows 2000, 2000 Server or XP Pro • IDentiPASS PLUS requires at least one Panel Service 	\$ 1,700.00
F55-IPASSPLUI	Additional User Interfaces for IDentiPASS™ PLUS with Software Purchase	Use this item code when ordering additional User Interfaces at the same time you purchase IDentiPASS PLUS software. Please specify the number of additional User Interfaces.	\$ 1,400.00
F55-IPASSPLUPOST	Additional User Interfaces for IDentiPASS™ PLUS AFTER Software Purchase	Use this item code when ordering additional User Interfaces after you purchased IDentiPASS PLUS software. Please specify the number of additional user interfaces.	\$ 1,700.00
F55-IPASSPLUS	IDentiPASS™ PLUS Start-Up Kit	Controls up to 2,048 readers, 18,432 supervised inputs, and 18,432 relays from multiple workstations. Supports up to 64,000 cardholders. The system ships with USB-style sentinel key and requires an available USB port on the server PC. The kit includes: ?1 Database Service ?1 Panel Service ?3 User Interfaces ?1 4-Reader Panel ?1 NetLink Converter	\$ 8,492.00
F55-IPASSPS	IDentiPASS Panel Service	<ul style="list-style-type: none"> • PC must be running Windows 2000 or XP • IDentiPASS requires at least one Panel Service 	\$ 1,700.00
F55-IPASSU	Additional User Interfaces for IDentiPASS with Software Purchase	Use this item code when ordering additional User Interfaces at the same time you purchase IDentiPASS software. Please specify the number of additional User Interfaces.	\$ 1,400.00
F55-IPASSULT	IDentiPASS LT User Interface	Allows a networked user, running Windows 2000 or XP, to interact with the database to monitor system activities and perform database maintenance. IDentiPASS LT supports up to four User Interfaces.	\$ 900.00
F55-IPASSUPOST	Additional User Interfaces for IDentiPASS AFTER Software Purchase	Use this item code when ordering additional User Interfaces after you purchased IDentiPASS software. Please specify the number of additional User Interfaces.	\$ 1,700.00
F54-IPASSLTMANS	IDentiPASS™ LT Software Setup & Operations Manual	Complete guide to configuring & using IDentiPASS LT software. All software modules are thoroughly presented with detailed step-by-step instructions and hundreds of illustrations.	\$ 150.00
F54-IPASSMANH	IDentiPASS™ Hardware Installation Manual	Details to install & connect Series 9000 panels, RI/O boards, readers & auxiliary hardware components for complete IDentiPASS PLUS, IDentiPASS, and IDentiPASS LT systems. Features dozens of useful diagrams & schematics. (Formerly Series 9000 Hardware Installation Manual.)	\$ 100.00
F54-IPASSMANS	IDentiPASS™ & IDentiPASS PLUS Software Setup & Operations Manual	Complete guide to configuring & using IDentiPASS and IDentiPASS PLUS software. All software modules are thoroughly presented with detailed step-by-step instructions & hundreds of illustrations. Features unique to IDentiPASS PLUS are flagged in the text with easy-to-spot tags.	\$ 150.00

IDENTIPASS UPGRADES			
F55-9000/LT	Series 9000 Upgrade to IDentiPASS LT	Upgrade any version of Series 9000 software to latest version of IDentiPASS LT. Includes one Database Service, one Panel Service, three User Interfaces.	\$ 1,290.00
F55-9000/PLUS	Series 9000 Upgrade to IDentiPASS PLUS	Upgrade any version of Series 9000 software to latest version of IDentiPASS PLUS. Kit includes: - 1 Database Service - 1 Panel Service - 5 User Interfaces	\$ 8,600.00
F55-PROMPASS	Series 9000 Upgrade to IDentiPASS	Upgrade any version of Series 9000 software to latest version of IDentiPASS. Kit includes: - 1 Database Service - 1 Panel Service - 3 User Interfaces	\$ 5,600.00
F59-IDP/IDP2.X	IDentiPASS Upgrade to Current Version of IDentiPASS	Upgrade any version of IDentiPASS prior to version 2.0 to latest version of IDentiPASS. Includes one User Interface at no additional charge.	\$ 2,590.00
F59-IDP/PLUS	IDentiPASS Upgrade to Current Version of IDentiPASS PLUS	Upgrade any version of IDentiPASS prior to version 2.0 to latest version of IDentiPASS PLUS. Includes three User Interfaces at no additional charge.	\$ 5,990.00
F59-IDP2X/PLUS2X	IDentiPASS Ver. 2.X to IDentiPASS PLUS Ver. 2.X	Upgrade IDentiPASS version 2.X to latest version of IDentiPASS PLUS. Includes two User Interfaces at no additional charge.	\$ 3,400.00
F59-IDP2X/VXX	IDentiPASS Ver. 2.X Upgrade to Current Version of IDentiPASS	Upgrade IDentiPASS version 2.X to latest version of IDentiPASS.	\$ 198.00
F59-IDPPLUS2X/VXX	IDentiPASS PLUS V2.X Upgrade to Current Version		\$ 198.00
F59-IPASSUPG	IDentiPASS upgrade - V2.0.0 - with out Passport		\$ 198.00
F59-LT/IPASS	IDentiPASS LT Upgrade to IDentiPASS	Upgrade any version of IDentiPASS LT prior to version 2.0 to latest version of IDentiPASS. Includes one User Interface at no additional charge.	\$ 5,600.00
F59-LT/LT2.X	IDentiPASS LT Upgrade to IDentiPASS LT Ver. 2.X	Upgrade any version of IDentiPASS LT prior to version 2.0 to latest version of IDentiPASS LT. Includes one User Interface at no additional charge. IDentiPASS LT supports a maximum of four User Interfaces, including one for PASSPort.	\$ 1,190.00
F59-LT/PLUS	IDentiPASS LT Upgrade to IDentiPASS PLUS Ver. 2.X	Upgrade any version of IDentiPASS LT prior to version 2.0 to latest version of IDentiPASS PLUS. Includes four User Interface at no additional charge.	\$ 8,600.00
F59-LT2.X/VXX	IDentiPASS LT Ver. 2.X Upgrade to Current Version of IDentiPASS LT		\$ 198.00
F59-LT2X/IDP2X	IDentiPASS LT Ver. 2.X Upgrade to IDentiPASS Ver. 2.X		\$ 3,600.00
F59-LT2X/PLUS2X	IDentiPASS LT Ver. 2.X Upgrade to IDentiPASS PLUS Ver. 2.X	Includes two User Interfaces at no charge.	\$ 6,600.00
IDENTIPASS HARDWARE			
F55-485/CONV	RS-232 to RS-485 Communications Converter	Requires one IDentiPASS COM port. Total RS-232 distance up to 50 ft.; total RS-485 distance may be 4000 ft. (adding all RS-485 runs together, per COM port). Additional converter needed for remote site, unless using auto-dial communication; see IDentiPASS Auto-Dial Components for details. Includes 4 ft. cable.	\$ 410.00
F60-COMPAPAGER	Alphanumeric Pager	<ul style="list-style-type: none"> • Tone alert: 4 beep styles • Silent alert: vibrate • Message time stamping • Addressable 	\$ 120.00
F60-COMPLITE	X-Lite Transcoder	<ul style="list-style-type: none"> • Frequency: 457.550 Mhz • Adjacent Channel: 200nW @ 4.5Khz deviation at 25Khz channel spacing @ 512 or 1200 baud • Paging format: CSAG • Antenna: 1/4 wave with BNC termination • Serial port: 5-pin male "D" 	\$ 743.00
F60-MOD/CAB	Modem Cable	10-foot cable to connect modem to PC	\$ 18.00
F60-MODEM	Auto-Dial Modem	Auto-dial modem makes use of Hayes AT-compatible or US Robotics x2 technology. One 9600 baud modem required per remote panel location and at least one on the serial port of the PC. Provided with manufacturer's warranty. The x2 technology requires panel firmware v3.4 minimum. Version 3.4 is included in panels shipped after 4/99.	\$ 530.00
F60-NET/CBL	NetLink Spare Cable		\$ 50.00

F55-9CTLR/6	Series 9000 Four-Reader Panel - 6000 Cardholder Database	An intelligent multiprocessor access control & alarm monitoring panel (maximum of 64 panels per PC port) with standard 4-card reader capacity, expandable to 8 readers. Supports up to 6000 cardholders. Buffer stores 4000 transactions. On-board, real-time clock ensures event time accuracy. Includes enclosure, U-approved power transformer, power filter & 12V battery backup. ETL-listed for UL294, Ce & CSA certification. Cardholder memory may be expanded by adding appropriate upgrade kits. (See IDentiPASS Cardholder Capacity Upgraded.) Standard features include: ? Supervised power management & battery backup. ? Supports 4 card readers (expandable to 8 via Reader Expansion Card), using most industry-standard formats. ? 8 SPDT dry-contact relays with Form C contacts; 1 amp @ 35VDC (expandable to 72 max. per panel by adding 4 R/I/O boards). ? 8 door ajar inputs & 8 RTE inputs. ? RS-485 port for communications with PC	\$ 3,110.00
F55-RDR/EXPD	Reader Expansion Card	An accessory card that plugs into the Series 9000 panel to allow the connection of four additional entry devices for a total of eight. For use with ETL-tested Series 9000 panels only.	\$ 1,350.00
F55-RIO/BRD	Remote Input/Output Board	Includes 16 SPDT relays, 1 amp at 35VDC. Maximum of 4 remote panels may be wired to a Series 9000 panel for a total of 72 supervised input points & 72 relays per panel. When connected to Series 9000 panel, this board is ETL-tested for UL294, CE & CSA certification.	\$ 1,970.00
F60-9000/6	Spare Series 9000 Four-Reader Board	ETL-tested board only; 6000 cardholder database. See "IDentiPASS Cardholder Capacity Upgrades" to expand cardholder memory.	\$ 3,020.00
F60-ACSPT/BR	Spare Series 9000 Enhanced Reader Module Board	Not compatible with PremiSys	\$ 176.00
F60-RIO/BRD	Spare ETL-Tested Remote Input/Output Board		\$ 1,536.00
F55-232COMM/	RS-232 Communications Port Chip	Plugs into ETL-tested Series 9000 panel to activate the RS-232 port for control of an auto-dial modem. A chip is required for each panel connected to auto-dial modem. Includes 10 ft. cable to connect to modem and panel.	\$ 550.00
F55-NETLINKSP	Ethernet Topology NetLink Converter	NetLink converter provides ability to poll Series 9000 panels across network using IDentiPASS software. Converter may be plugged into LAN/WAN data port on a network and provides RS-485 port for connection to, and communications with, Series 9000 panels. A maximum of 64 panels may be used on the system software's logical port. With IDentiPASS, only 1 NetLink Converter can be installed per logical port. You may need to consult with your customer's network administrator to establish available IP addresses and socket ports. Contains 1 programmable port, which can be configured as RS-232 or RS-485. The converter is programmed using ver. 5.0.0 or higher of the NetLink programmer. A cable is also included to connect the converter to a 9000 panel.	\$ 400.00
F57-9LOCK	9000 Enclosure lock & key set		\$ 20.00
F57-PWR/FLTR	Power Filter		\$ 40.00
F57-PWR/TRAN	Power Transformer		\$ 36.00
F57-TRN12/20	Power Supply for Centurion	Input: 120V, 60 Hz, 0.21A. Output: 12 VAC, 20 VA	\$ 40.00
F59-ETL12/22DB	Upgrade from 12,000 to 22,000 Cardholders and 4,000 Transactions		\$ 640.00
F59-ETL12/30DB	Upgrade from 12,000 to 30,000 Cardholders and 4,000 Transactions	Does not include timed antipassback, emergency relay, and auxiliary relay.	\$ 1,040.00
F59-ETL12/64DB	Upgrade from 12,000 to 64,000 Cardholders and 4,000 Transactions	Does not include expiration date, emergency relay, auxiliary relay, elevator group, antipassback, and two access groups.	\$ 1,440.00
F59-ETL22/30DB	Upgrade from 22,000 to 30,000 Cardholders and 4,000 Transactions	Does not include timed antipassback, emergency relay, and auxiliary relay.	\$ 400.00
F59-ETL22/64DB	Upgrade from 22,000 to 64,000 Cardholders and 4,000 Transactions	Does not include expiration date, emergency relay, auxiliary relay, elevator group, antipassback, and two access groups.	\$ 800.00
F59-ETL30/64DB	Upgrade from 30,000 to 64,000 Cardholders and 4,000 Transactions	Does not include expiration date, emergency relay, auxiliary relay, elevator group, antipassback, and two access groups.	\$ 400.00
F59-ETL6/12DB	Upgrade from 6,000 to 12,000 Cardholders and 4,000 Transactions		\$ 560.00
F59-ETL6/22DB	Upgrade from 6,000 to 22,000 Cardholders and 4,000 Transactions		\$ 1,200.00
F59-ETL6/30DB	Upgrade from 6,000 to 30,000 Cardholders and 4,000 Transactions	Does not include timed antipassback, emergency relay, and auxiliary relay.	\$ 1,600.00

F59-ETL6/64DB	Upgrade from 6,000 to 64,000 Cardholders and 4,000 Transactions	Does not include expiration date, emergency relay, auxiliary relay, elevator group, antipassback, and two access groups.	\$ 2,000.00
F59-XETL12/22DB	Upgrade from 12,000 to 22,000 Cardholders and 4,000 Transactions		\$ 640.00
F59-XETL12/30DB	Upgrade from 12,000 to 30,000 Cardholders and 4,000 Transactions	Does not include timed antipassback, emergency relay, and auxiliary relay.	\$ 1,040.00
F59-XETL12/64DB	Upgrade from 12,000 to 64,000 Cardholders and 4,000 Transactions	Does not include expiration date, emergency relay, auxiliary relay, elevator group, antipassback, and two access groups.	\$ 1,440.00
F59-XETL22/30DB	Upgrade from 22,000 to 30,000 Cardholders and 4,000 Transactions	Does not include timed antipassback, emergency relay, and auxiliary relay.	\$ 400.00
F59-XETL22/64DB	Upgrade from 22,000 to 64,000 Cardholders and 4,000 Transactions	Does not include expiration date, emergency relay, auxiliary relay, elevator group, antipassback, and two access groups.	\$ 800.00
F59-XETL30/64DB	Upgrade from 30,000 to 64,000 Cardholders and 4,000 Transactions	Does not include expiration date, emergency relay, auxiliary relay, elevator group, antipassback, and two access groups.	\$ 400.00
F59-XETL6/12DB	Upgrade from 6,000 to 12,000 Cardholders and 4,000 Transactions		\$ 560.00
F59-XETL6/22DB	Upgrade from 6,000 to 22,000 Cardholders and 4,000 Transactions		\$ 1,200.00
F59-XETL6/30DB	Upgrade from 6,000 to 30,000 Cardholders and 4,000 Transactions	Does not include timed antipassback, emergency relay, and auxiliary relay.	\$ 1,600.00
F59-XETL6/64DB	Upgrade from 6,000 to 64,000 Cardholders and 4,000 Transactions	Does not include expiration date, emergency relay, auxiliary relay, elevator group, antipassback, and two access groups.	\$ 2,000.00
F59-RIO/UPGR	Upgrade for ETL-Tested Remote Input Board	Upgrade a remote input board to a remote input/output board.	\$ 300.00
F60-12V/BAT7	12-Volt Backup Battery	7 AMP/hr. For Series 9000	\$ 70.00
F60-12V/BATT	12-Volt Backup Battery	2.0 AMP/hr. For Model 1000	\$ 70.00
F60-485/CBL	Spare RS-485 to RS-232 Communications Converter Cables		\$ 70.00
F60-9CIOENCL	Enclosure for ETL-Tested 9000 Panel & Remote I/O Board	Enclosure only.	\$ 400.00
F60-BATTCBL	9000 Battery Backup Cable		\$ 17.25
R18-105912-027	Zebra Encoder Module for P310/P420/P520		\$ 500.00
R60-BFLMROLR	Film Rollers, Black	Note: For existing cameras using gray rollers, a \$60 factory modification is required to upgrade to black film rollers.	\$ 25.00

CENTURION START-UP KITS

F55-CENTAWID	Centurion Kit with AWID Readers	Kit includes: • 1 Centurion Kit (F55-CENTURION) • 2 Sentinel Prox Readers, Gray (F60-AWIDSR2400G) • 50 Clamshell Proximity Cards (F36-AWIDCS)	\$ 1,444.00
F55-CENTFLUSH	Centurion Kit with Flush Mount Readers	Kit includes: • 1 Centurion Kit (F55-CENTURION) • 2 Flush Mount Readers (F55-RHFLMNT2) • 2 Back Boxes (F60-FLMNTBOX) • 50 Generic Centurion Mag Stripe Cards (F36-CENTGENCRD)	\$ 1,683.00
F55-CENTHID	Centurion Kit with HID Readers	Kit includes: • 1 Centurion Kit (F55-CENTURION) • 2 ProxPoint Readers, Gray (F60-HPPT-G) • 50 Clamshell Proximity Cards (F36-NPPRXH)	\$ 1,496.00
F55-CENTSN	Centurion Kit with MIFARE™ Readers	Kit includes: • 1 Centurion Kit (F55-CENTURION) • 2 MIFARE SN Readers (M60-IDS500-8020) • 50 IDentiSMART Standard Cards (SC-ST)	\$ 1,730.00

F55-CENTURION	Centurion Kit	Centurion is a two-reader stand-alone access control panel that includes four relays & four inputs. The panel will accept any industry-standard reader including, but not limited to, magnetic stripe, ABA, proximity, smart card and biometrics. The relays are software-assignable and configurable to be normally closed. The inputs are also software-configurable to be three or four-state, and to serve as RTE, door ajar, or general purpose input points. The panel will hold 2,500 cardholders and 4,000 history transactions. The Centurion Kit included software that is loaded on a PC or laptop and connected with an RS-232 cable to the panel. The software is used to program the panel and to keep panel configuration and cardholders in a database for future use. Transactions can be downloaded to the PC. Centurion Kit included: ?1 Centurion Board & Enclosure ?1 Centurion Software ?1 Power Supply ?1 Serial Cable ?1 Manual	\$	998.00
F54-CENT/MAN	Centurion Installation & Operations Manual	Includes hardware installation and software configuration and use in one manual. Clear diagrams and detailed screen shots accompany the easy-to-read instructions and explanations.	\$	25.00
F55-CENT/CONV	Centurion Converter	RS-232 to RS-485 communications converter. This converter is needed when hard-wiring the two-wire RS-485 communications from the Centurion panel to the PC. Total RS-232 distance is up to 50'. Total RS-485 distance is up to 4000', total copper.	\$	370.00
F59-CENTUPG	Centurion Upgrade to Latest Version	Upgrade Centurion software and firmware to the current version of Centurion.	\$	198.00
F60-CENT/SPARE	Spare Centurion Board	Spare Centurion board. Does not include enclosure or any board accessories, such as power supply or RS-232 cable.	\$	840.00
F60-APBENC	Enclosure for Centurion Board	Metal enclosure for Centurion board. Does not include tamper switch or power LED.	\$	100.00
F60-CENT/CBL	Serial Cable for Centurion	A 10-foot standard RS-232 DTE cable, used for connecting a PC to the Centurion board for programming.	\$	12.00

SPARE PARTS

F60-FLMNTBOX	Back Box for Flush Mount Reader	Use when installing Flush Mount Reader into hollow wall.	\$	31.00
F60-RIORELAY	Relay for RI/O Board & Series 9000 Panel		\$	10.00
F60-TMPRSW	Tamper Switch		\$	18.00
F60-9000/KP	Spare 9000 Reader/Keypad Combination	Replacement keypad for F55-9RH2KP	\$	100.00
F60-RDR/HSG	Reader Housing	For ALL surface mount readers.	\$	75.00
F60-FLUSHPLT	Flush Mount Faceplate		\$	20.00
F60-READ/II	Spare Track 2 Surface Mount Read Head		\$	180.00
F60-CENT/FUSE	Fuse for Centurion Panel		\$	5.00
F60-CENT/BATT	Lithium Battery (CR1620) for Centurion Panel		\$	10.00
